- To find your required courses to outline your schedule, use the following resources:
 - University Bulletin
 - DegreeMAP
 - Major-Specific Curriculum Sheet

BEFORE REGISTRATION: GETTING YOUR SCHEDULE APPROVED – STEP 2

- If one or more of your courses requires you to take the ALEKS, make your plan for completing the assessment in a timely manner to register for your courses.
- Once you have outlined your courses, you will use the [GW Schedule of Classes](#), to pick the sections/days that you prefer.
 - For each course, make a note of the following items needed to complete the UAF:

BEFORE REGISTRATION: GETTING YOUR SCHEDULE APPROVED – STEP 3

Once you have prepared your course schedule, log into the [Undergraduate Forms Portal](#) to complete the UAF.

- Your UAF will be reviewed by your Primary Advisor. It is recommended for all first year students submit their UAF at least one week before your registration date. For most first year students, this is **Friday, November 14**
- If the submitted UAF is missing required courses or linked sections (discussions, laboratory, or recitations), the form will be returned to you for revision and will **NOT** be marked as complete until an updated form is submitted.
- If a UAF is not submitted and/or revised by **Sunday, November 23, you will have a Registration Hold placed on your account on Monday, November 24.** This will prevent all future registration until the hold is removed.
