classes & unsw

Trying to be clutch during finals week
(fluids exam is worth 60% of my grade) ----->

Having to take quiz after
watching eagles lose the
super bowl (kickoff was at
10am)

THANK YOU!

MAE students typically study abroad during their 4th semester, when there are only around 4 core class requirements

You can only take 4 classes at a time while at UNSW and at most Australian universities (mental health is valued)

Other students have studied at University College Dublin in Ireland, another great option for MAE students which allows you to take more classes (and see Europe, if you prefer that)
